

DAU Directive 704, Student Academic and Administrative Policies addresses student Standards of Conduct as well as a variety of other academic and administrative policies and procedures associated with students attending courses at or through DAU. College and University strategic partners with DAU may be interested in attachment 7, Student Assessment and Evaluation. DAU is required to demonstrate student learning progress. Therefore the institution must have students' exhibit levels of performance on either measures of general skills and competencies or on tests of specific knowledge related to occupational education and/or specialty curricula. For more information on DAU Student Assessment and Evaluation, please go to this link:
