MAT BBPi Deployment Strategy

Lead: Tom Vandenberg

- Completed Efforts
 - Target “Train the Trainer” Faculty
 - SME for specific initiative (not all 23 apply to the workforce)
 - Develop RDT Packages
 - Build RDT packages for each of the 3rd indenture bullets of CAE Memo –turned over to DAU Headquarters for Management
- On-going efforts
 - Partnership with Nick Guertin, OSD OA/Data Rights for HTF-PMO training as well as competency (1.0 & 6.0)
 - Coordinated w/PMA 270 C130 AOU team to ensure BBPi construct/intent is reflected in both government only and full APTW (May & Aug)
 - Continue to address BBPi as part of current MAT DAWIA classes.
 - Responding to organizational requests for overview/topical information

Mission Assistance Strategy

Lead: Duane Mallicoat/Tom Vandenberg

- Target faculty by event type
- Ensure desired outcome understanding is sufficient to bring additional 'value added' to events

Outreach and Mission Assistance

FY12 Program Outcome Examples:

- **(MDAP) PMA 268 (N-UCASS):** Utilized a joint industry government climate survey to feed the agenda for a program transition workshop. Outcome was a structured and focused transition workshop that re-defined roles and responsibilities and identification of risks in transitioning air vehicle to NAS Patuxent River.
- **NAVAIR 4.1.9 (Production and Quality Team):** Internal and external climate survey and team workshops. Outcomes were the measurement of improvements/challenges over the last two years – allowing leadership team to develop a POA&M action plan to direct the next 18 months objectives.
- **LOG T&E Intermediate:** Development of a targeted training course for NAVAIR 6.7 (Logistics/Sustainment) to include an attendee managed student pilot to include NAVAIR 5.0 (Test) and 6.0 (Sustainment) key leadership. Course is approved by NAVAIR 6.0 and will be part of NAVAIR Logistics University. Providing Test and Evaluation awareness and skills to the logistics community to allow them to better integrate their needs into the overall program test program.

Highlights:

- *Increased NCMA Support in support of DAU agreement*
