

The New DoD Systems Acquisition Process Model

June 13, 2000

THE 5000 MODEL

THE 5000 MODEL

- ***Multiple process paths*** - not just one way of entering systems acquisition
- ***Evolutionary acquisition*** - based on *time-phased requirements* - preferred (but not only) approach
- **Minimum number of *mission-oriented Key Performance Parameters*** to facilitate *cost-performance trades*
- ***Achieve proven technology and a validated ORD*** -- before beginning systems-level work at Milestone B
- ***Complete full systems demonstration*** -- before committing to low-rate production
- ***Use market research and commercial products*** -- to increase competition

**Higher Performance, Lower Costs,
More Rapid Deployment**
