**UNCLASSIFIED//FOR OFFICIAL USE ONLY**

## **Net Ready KPP: The IA Attribute**

---

---

- **Information Assurance (IA) is defined as measures that protect and defend information systems by provisioning:**
    - **Availability**
    - **Integrity**
    - **Authentication**
    - **Confidentiality**
    - **Non-repudiation**
    - **Computer Network Defense (CND)**
- 
-

## The IA Attribute: MOE/MOP Options

---

---

- **Accomplishment of DoDI 8500.2 Measures**
    - **Mission Assurance Category**
    - **Confidentiality Level**
  - **Attainment of DITSCAP Milestones (migrating to DIACAP)**
    - **Certification & Accreditation (IATO/ATO)**
  - **T&E Validated Objectives Values**
    - **Availability**
    - **Integrity**
    - **Authentication**
    - **Confidentiality**
    - **Non-repudiation**
    - **CND**
- 
-
