Learn. Perform. Succeed.

President's Message

Dr. James McMichael
Acting President

By now, many of us have taken our last furlough days. Despite the end of furloughs, DAU will maintain the truncated sequestration schedule through the end of FY13.

We hope to make this uncertain budget situation less confusing to our students and workforce members. We are measuring the effectiveness of our schedule changes to determine if certain courses can be successfully completed in an abbreviated time frame.

Please visit our [sequestration and class schedule Web page](#) for more information.

Better Buying Power Update

A free hot topic forum Sept. 25 at Fort Belvoir will explore the [Defense Acquisition System Report](#) and ways to measure and improve the performance of acquisition organizations. VTC will be available at our regional campuses. [Learn more >>](#)
