

**ADDENDUM TO MEMORANDUM OF UNDERSTANDING**  
**BETWEEN**  
**UNIVERSITY OF FAIRFAX**  
**AND**  
**DEFENSE ACQUISITION UNIVERSITY**

1. This Addendum modifies and supplements the attached memorandum of understanding agreement concerning the article titled “The Educator Shall” to include the following:

- a. University of Fairfax application fee will be waived for all students seeking Transfer Credit (TC) from DAU for Approved credits.
- b. Students must be accepted and meet all of the admissions requirements to apply TC towards the Masters in Cyber Security Management degree (MSCSM).
- c. Course work completed at DAU will be subject to review and approved by University of Fairfax admission review committee.
- d. TC will be awarded for a maximum of 9 credit hours or 3 courses based on transfer review.
- e. Students having successfully completed courses at DAU and transferring credit to attend University of Fairfax MSCSM program will receive the Crisis fellowship. The fellowship is valued at \$268.50 per credit hour and can be used for up to 6 sessions of study. Typically, students enroll in one three credit hour course per eight-week course session. With the Cybersecurity Crisis Fellowship valued at \$805.50 per three-credit hour course, new students can receive \$4,833 total value over 6 sessions. The Crisis Fellowship cannot be used in conjunction with any other scholarship, fellowship, or grants.

As this strategic partnership evolves and includes additional programs, the Memorandum of Understanding (MOU) will be updated and reissued accordingly. Additions will be reflected as addenda to the basic MOU.

# MEMORANDUM OF UNDERSTANDING for the DAU EDUCATION ADVANCEMENT PROGRAM

## 1. Purpose

a. This Memorandum of Understanding (MOU) establishes the intent of the

**Defense Acquisition University (DAU)**

and

**University of Fairfax**

---

herein after referred to as the “Educator” to enter into a collaborative relationship for the purpose of the Educator accepting DAU course completions and/or specific Defense Acquisition Workforce Improvement Act (DAWIA) acquisition career field or path certifications towards the Educators degree and/or certificate program(s).

b. This MOU may support and amplify other partnership agreements that DAU has exercised with the Educator through the DAU Equivalency Program or Strategic Partnership Program. It is not intended to replace any such agreement nor is this or other partnership agreements a mandatory preexisting condition for any other partnership agreement.

## 2. Roles and Responsibilities

a. DAU/Educator Mutually Agree To:

(1) Identify a single point of contact for coordinating the Educator’s review of DAU courseware and/or DAWIA career field or path certifications as may be required.

(2) Provide a depiction of each other’s logos and approved text and authorize the other to use such logo and text for promotional purposes in furtherance of this MOU and the DAU Education Advancement Program provided that the material associated with each such use has been previously approved in writing by that party. Neither party shall use or display any trademark, trade name, service mark or other intellectual property of the other party in connection with any product, service, promotion, news release or other publicity, without the prior written consent of the party whose name or likeness may be under consideration. The text of all references by either party to the other in any medium will require prior written approval.

b. DAU Shall:

(1) Make readily available, upon request of the Educator, DAU course/student material for review for the purpose of determining applicability to the Educators degree and/or certificate programs. This does not include:

- Instructor personal notes
- Student examination/assessments instruments
- Material that is proprietary to a third party and used by DAU with permission when the material can be reasonably excluded or extracted without substantively impacting the lesson flow.

(2) Provide contact information of DAU personnel responsible for the development and maintenance of approved DAU course(s).

(3) Provide notice each November listing changes in available DAU courses. This includes DAU courses that have been retired; new deployments and current American Council on Education (ACE) recommended college credits.

(4) Provide notice each November listing changes in DAWIA career field and path certifications.

(5) At a minimum, list the Educator on the DAU website as an Educational Partner and provide a link to the Educators website.

(6) Make the partnership agreement viewable on DAU's external website once the Educator provides DAU with its "Transfer Credits" addendum.

**c. The Educator Shall:**

(1) Provide DAU a listing of "Transfer Credits" (DAU courses and/or specific DAWIA acquisition career field or path certifications that may be applied towards the Educators specified degree and/or certificate programs) within 90 days after execution of this MOU. If this listing is not provided within the 90 days, this agreement will automatically terminate.

(a) The "Transfer Credits" listing will be approved by appropriate authority within the Educators organizational structure.

(b) The Educator may update the "Transfer Credits" listing at their discretion by providing DAU with an updated listing and effective date. DAU recommends updating or validating the listing with DAU at least annually during June of each year.

(2) Deploy a landing page that supports the DAU Education Advancement Program and deliver to DAU a URL for posting on the DAU website. This page will include instructions for perspective students on documentation required to effect the acceptance of credit.

**d.** The Student, and not DAU, shall be responsible for payment of tuition, fees and any other costs related to enrollment in Educator's programs.

**3. Applicability, Modifications, Effective Date, and Termination**

**a. Applicability.** This MOU applies to both parties and shall apply to any and all of their respective employees, agents, and consultants involved in course design, maintenance, documentation, and delivery as well as evaluation of course material and students. Nothing in this MOU shall take precedence or negate in any way the policy, directives, and procedures of the respective signatory. Conflicts between

this document and any other guidance shall be referred to the respective point of contact for resolution. If a satisfactory resolution cannot be achieved at this level, the responsible points of contact shall refer the matter to the signatories of this MOU through their respective channels.

**b. Modifications to this MOU.** Neither party may make amendments and/or additions to this MOU at any time during its effective period.

**c. Effective Date.** This MOU is effective upon the acceptance of both parties as indicated by the signatures below and shall continue in force for five (5) years after which it may be renewed.

**d. Termination.** Either party, without cause, may terminate this MOU by providing a 90-day written notice to the other party.

(1) Upon notice of termination, both parties will update their respective websites within 30 calendar days of the notice highlighting the termination date.

(2) The Educator agrees to accept validated transfer credits presented to the Educator by a student through the close of business on the termination date.
