On November 18, 2016, the TACOM LCMC Senior Service College Fellows (SSCF) graduated from The Program Managers Course-PMT 401 in Huntsville, Alabama. The Program Managers Course-PMT 401 is DAU's rigorous, executive-level, case-based 10 week course. It is designed for highly motivated, experienced acquisition practitioners, specially selected for their potential as leaders of major acquisition programs, integrated product teams, and major command division/departments. Prior to the official graduation ceremony, Lieutenant General Michael E. Williamson spoke to the graduates on the importance of developing people and talent to execute the Army mission and encouraged the graduates to become familiar with the Army Acquisition Workforce Human Capital Strategic Plan. More information on the strategic plan can be found at <http://asc.army.mil/web/hcsp/>. Mr. Mark Lumb, Executive Director for the SSCF Program, spoke to the graduates and presented them with their diplomas. Completion of PMT 401 is a significant accomplishment and a major milestone in the SSCF program. For more information on the SSCF program, please contact Deborah DiCesare, SSCF Midwest Director, at deborah.dicesare@dau.mil or 586-276-2171.
